- I use Clear Focus X Heads on the Toms with Classic Clear Heads for the Bottom. Texture Coated Head on the Snare. Super Kick 1 System (with 4" hole on the Front Head) for the Bass Drum with a Clear Batter Head.
- If Aquarian Heads are not available: Remo Clear Emperor Heads on the Toms with Clear Ambassador Heads for the Bottom. Coated Ambassador Head on the Snare. Clear Power Stroke 3 Batter Head for the Bass Drum. Front of Bass Drum Head should not have a hole larger than 4". No hole would also work
